Longitudinal Care - G2211

Select All

during an E&M visit only. Visit complexity inherent to evaluation and management associated with medical care services that serve as the continuing focal point for all needed health care services and/or with medical care services that are part of ongoing care related to patient's single, serious condition or a complex condition. I have reviewed immunizations, problem list, chronic problems, specialists that the patient sees as related to this diagnosis.

notes

By being this patient's PCP, I am providing longitudinal care.
